SUMMARY

MBA candidate in Business Intelligence and Analytics graduating May 2027, with three years of commercial, client-facing, and customer analytics experience. Brings analytical thinking, customer journey analysis, customer data and CRM management, customer-centric strategy, pricing, service design, and AI-enabled workflow design to customer experience transformation engagements. Used customer and campaign signals to derive actionable insights, managed 20+ client accounts, delivered 150% year-over-year growth and a sustained 5:1 return on investment, and is currently consolidating a nonprofit CRM into a single source of truth.

PROFESSIONAL EXPERIENCE

Stevens Institute of Technology, College of Professional Education | Hoboken, NJ

Graduate Research Assistant, Course Production and Operations | December 2025 to Present

- Built and deployed Stevens Slide Studio, an AI-enabled application that applies official brand rules and audit checks to faculty decks; reduced a 30-slide deck reformatting process from one to three hours of manual work to one pass plus a 20 to 40 minute review.
- Built Caption Clean, a privacy-preserving tool that corrects Panopto auto-captions against source scripts while preserving timestamps and cue boundaries; reduces correction of a one-hour lecture with roughly 1,200 cues from hours of retyping to focused review.
- Manage operational datasets and executive reporting in Excel and PowerPoint while coordinating course production across content, video, and marketing stakeholders.

Acepark | Remote

Co-Founder, Strategy and Business Operations | September 2025 to Present

- Took an urban parking and electric-vehicle charging product from concept to a working minimum viable product; defined pricing and lead-generation strategy with technical and creative partners.

Monk Entertainment | Mumbai, India

Business Manager | July 2023 to August 2025

- Managed a portfolio of 20+ client accounts, removed operational bottlenecks, and drove 150% year-over-year growth while generating more than \$150,000 in revenue.
- Used CRM systems and campaign performance analytics to track key performance indicators and reallocate spend against channel-level conversion data, sustaining a 5:1 return on investment.
- Led cross-functional workflows and vendor logistics for 15+ live brand activations for Sony Music and Warner Bros, delivering 100% on-time execution across creative teams and external suppliers.

Shark and Ink | Mumbai, India

Marketing Intern | April 2022 to November 2022

- Supported outbound lead generation and coordinated on-site logistics and marketing collateral for 25+ large-scale brand activations.

CONSULTING AND ANALYTICS PROJECTS

CRM Consolidation, Hoboken Public Education Foundation | MBA Industry Capstone | 2026

Scoping fragmented donor and stakeholder CRM data flows, defining a target-state architecture, and developing a migration and adoption plan with the executive sponsor to improve data accessibility and relationship visibility.

Netflix House Go-to-Market Campaign | Marketing Management

Developed audience segmentation, positioning, channel mix, and a measurement framework linked to acquisition and repeat-visit behavior for Netflix's physical entertainment venue.
